## Preface

This document has been prepared by **Keltron Component Complex Ltd.** (a Public-Sector Undertaking under the Dept. of Industries, Govt. of Kerala) to facilitate a Single-Stage: Two-Envelope bidding procedure. In the Single-Stage Two-Envelope bidding procedure, Bidders submit simultaneously two sealed envelopes, one containing the Technical cum Commercial Proposal (Technical) and the other the Price Proposal, enclosed together in an outer single envelope. Initially, only the Technical-cum-commercial Proposals (Technical) are opened on the date and time notified in the Bidding Document. The Price Proposals remain sealed and are held in the custody by the Purchaser. The Technical-cum-Commercial Proposals (Technical) are evaluated by the Purchaser. The objective of the exercise is to allow the Purchaser to evaluate the Technical-cum-Commercial Proposals without reference to Price Proposals. Bids with Technical Proposals which do not conform to the specified requirements will be rejected as deficient Bids. Price Proposals of technically compliant Bids are opened on a date and time notified by the Purchaser. The Price Proposals are evaluated and the Contract is awarded to the Bidder whose Bid has been determined to be the lowest and beneficial to the Company. The Company reserves the right to accept or reject all or any Bid without assigning any reason and does not bind themselves to accept the lowest offer.
